Others: Social Media Marketing, Content Creation, Campaign Performance Analysis, UGC Content Strategy

EDUCATION & SKILLS

PERTAMINA CONTACT CENTER 135

Inbound & Email Agent

Email and inbound handler for the Pertamina Contact Center account. I manage customer communication daily, staying clear, calm, and solution focused even when the questions get repetitive or the customers don't. This role sharpened my writing and problem solving skills way more than I expected.

Resolved a steady flow of customer emails and chats daily under strict response time targets, building real world experience in written communication, tone control, and problem solving under pressure. Those same skills now shape every piece of content and copy I create.

WORK EXPERIENCE

FIRST PROJECT

Youthcapital.id

Chief Marketing Officer

YouthCapital.id is an educational community focused on making finance more accessible for Gen Z. Through engaging content on cryptocurrency, stocks, forex, and global macroeconomic trends, the community helps young audiences build financial literacy and develop a broader understanding of the world's financial landscape.

As the Chief Marketing Officer, I led the content strategy and managed the brand's social media presence across TikTok and Instagram. My responsibilities included content planning, scriptwriting, copywriting, content creation, performance analysis, and end to end account management.

Key Achievements

- Independently launched and managed the first 18 TikTok videos from scratch, generating an average of 600–700 views per post with a 4–5% engagement rate.
- Developed educational content strategies and talent collaborations that increased the top-performing content's views by 150%. Analyzed content performance to identify audience behavior, content trends, and actionable growth opportunities.
- Managed the complete TikTok workflow, including content planning, scheduling, publishing, and performance monitoring.
- Contributed to building a consistent educational brand identity tailored to Gen Z audiences interested in investing and financial markets.

Alfheimcloth.inc | Content Creator & Brand Talent

Alfheimcloth.inc is a fashion brand specializing in premium denim and casual menswear. I collaborated with the brand as a content creator and on camera talent to produce short form promotional content designed for social media platforms.

My Role

- Collaborated with the creative team during the production process to ensure the content matched campaign objectives.
- Assisted in developing engaging product focused content for social media audiences.
- Contributed creative ideas for content concepts and visual storytelling.
- Collaborated on script development and content flow to improve audience retention.

SECOND PROJECT

THIRD PROJECT

Tajur Village was a university cultural exhibition project that introduced the traditions, architecture, and local heritage of villages across West Java. Each student group represented a selected village by recreating its cultural identity through miniature traditional houses, interactive exhibitions, and traditional games, bringing local culture to life for campus visitors.

I led the content production for the project by creating engaging visual and educational content while managing the Instagram account. Through consistent documentation and strategic publishing, I helped increase the visibility and accessibility of the program's cultural initiatives.

ACHIEVEMENT

TAJUR VILLAGE

Best Games & Press Release
